

THE Gleichen Call

TWENTY-THIRD YEAR No. 46 GLEICHEN, ALBERTA, WEDNESDAY, FEBRUARY 5, 1930 SUBSCRIPTION \$2.00 PER YEAR

INTERESTING SCHOOL AND TOWN ANNUAL MEETING

The annual town and school meeting held in the Club Room of the Gleichen Community Hall last Friday night was attended by about sixty ratepayers and proved quite interesting.

Mayor Purcell called the meeting to order and suggested that the school meeting be held first as there was considerable school business to be discussed. Accordingly a motion by Messrs. D. Hutcheson and W. McConnell favored this.

ANNUAL SCHOOL MEETING
With Chairman Dr. Farquharson in the chair the minutes of the last meeting was read by Sec'y Murray and adopted.

Next the secretary read the reports of the teachers, trustees, inspectors of the high and public school and the auditor's all of which were duly adopted.

Considerable discussion took place regarding the suggestion from both inspectors for increased school accommodation. Trustee Ostrander stated he had a report from Mr. Deschamps who is in charge of the building of the Old Sun Indian school, who thought it should be spent on a new building. A six-roomed school was roughly estimated at approximately \$45,000.

The discussion became general, one ratepayer wanted to know what was the matter with the school, which has been standing nineteen years. Finally a motion carried that the Board have a competent man inspect the school building and obtain his report the vote resulting in 16 to 13.

After further discussing another motion carried that when the Board received the report and if agreed a new school should be built that the Board put the necessary machinery in force for submitting a by-law for the erection of a new school.

Before adjournment a motion provided that a vote of thanks be tendered the trustees and school staff for their faithful and efficient service. The chairman called upon Principal Gorrill to reply, who stated in a very happy manner that the Board could be assured of hearty co-operation of the teaching staff. He was well pleased with his work since coming to Gleichen and it was the aim of the entire school staff to give their best in the performance of their duties.

TOWN ANNUAL MEETING

With Mayor Purcell in the chair the town meeting opened with usual reading and passing of the minutes of the last annual meeting.

As it was getting late by motion the auditor's statement was omitted and his statement adopted.

The health officers report read by the secretary, the public works by Alderman R. W. Brown, the fire, light and police by Ald. Milliken, the waterworks by Ald. D. L. McLeod reports were all duly adopted.

Mayor Purcell outlined the various things accomplished by the Council during the past year. There was a noticeable improvement in the streets and sidewalks. A big improvement had been made on the streets in the last few years. The drain through town had been fixed so that there is not the same danger or damage from flood as had been in the past. The Provincial Sanitary Inspectors instructions had been carried out to the unit. Fire Hall had been fixed and the waterworks operations showed a surplus of \$1143.73. This was very gratifying. Coal costs were higher or the account of the steady winter. Salaries were less than the last by \$400.00. The mill rates was 1/2 mills less than in 1928. The debentures would be retired in three years time. The Board of Trade has taken an active interest in the affairs of the community and have supported the council in many ways. Credit was due S. E. Lester the town man, for the good work he had done. The auditor had also stated that the secretary had kept the books and records in good order. There were four vacancies in the Council this year.

GLEICHEN CURLERS CLUB ENJOY SMOKE

As a result of the President vs Vice-President competition of the Gleichen curling club a smoker was held in the Community Hall with practically a full membership present. The president's rinks were the guests of the Vice-President's rinks since the latter was defeated in the annual competition.

Crackers, cheese and smokes were passed around and were followed by a program of songs, principally from Messrs. Sharpe, Mattson, and Eglese. Some time was also spent in community singing. Toasts were given to the King, the President's Gang, the Curling Club, etc., by Messrs. Hutcheson, Boyd, Beach, MacCallum and others. A general business meeting was held to round up the social part of the evening. It was decided that a the bonspiel they should have two open events and one consolation prize. Arrowwood, Cluny, Strathmore, Namaka Standard, Hussar and Bassano are all invited to participate in the Gleichen annual bonspiel. All outside rink will be free.

A new local competition has also been arranged for and started. The feature of this competition will be that the third man will skip the rink and the skips step down to lead.

The entire evening was one of good friendship and fine fellowship and will long be remembered.

Tom Johnston after returning from the Medicine Hat game played last week had been sick in bed with tonsillitis, but Tom couldn't miss the game Saturday night. That's one time when Tom spent sixty minutes on the bench. Tom is feeling fine now and ready to play hockey the next game.

The meeting being open for discussion occasion was taken to extend congratulations to the Mayor and Aldermen on the splendid showing for 1929.

A question was asked as to what was being done about the proposed irrigation project.

By request of the mayor the secretary covered the actions since last, and the latest information to hand was that the C.P.R. would deliver water at \$1 per acre foot with a minimum charge of \$50 per year. Mr. L. Michael has given an estimate of cost of \$16,000.

Mayor Purcell advised this scheme was good for 25 years. It could be extended to the Indian Agency across the railway track if necessary. The Indian Department would have to bear this share of the cost. The Council has taken this matter as far as they could at the present time.

Mr. Bolinger, S. E. Lester had taken levels and drawn plans of the reservoir. Mr. Bolinger reported that it would only cost about \$300 to \$400 to have this work done as he was sure the farmers around would give teams for the work. The town would have to hire men only. S. E. Lester was a competent man at this kind of work. The lake could be used as a swimming pool in the summer and for skating in the fall before the town rink was ready.

In the end a motion carried that the councillors at their next meeting go ahead and prepare a by-law and submit it to a vote on the proposed pipe line system of irrigation at the earliest possible time.

The secretary advised that the matter of dividing some of the towns banking business should have been taken up at the school meeting. The Council had asked the School Board to consider doing their business at the Royal Bank and this was merely in the way of a suggestion as the town had been approached by the Royal Bank for a share of the town business and did not wish to break up the town accounts. The School Board wished to have the matter brought up at the annual meeting. A lot of discussion ensued and finally a motion that the Town Council consider dividing the town's business with the two banks was lost by a vote of six for and eight against.

School Trustees Election Monday

As a result of the nominations Monday there will be an election for school trustees, but none for councillors.

For the Council Messrs. J. W. Moss, A. F. MacCallum, W. E. Thompson each for two years, and J. A. Menar for one year, were nominated and elected by acclamation.

HOCKEY

The hockey game Saturday night was a poor exhibition of hockey or the part of the Calgary team, Riverside Sheiks. At least they were no match for the Gleichen Gunners which the score 8 to 1 indicates.

The Sheiks were completely outclassed in every department, why a team like the Sheiks were sent down here, is beyond our comprehension. One thing was shown clearly that the two new additions to the Gunners, Bill and Charlie Giroux are certainly making good. Cam Brown has now got down to work and is playing better hockey than he ever did. With Cam and the Giroux brothers it looks to us as if the Gunners have the best and fastest forward line they ever had.

First period—Gleichen, Wray from Giroux; Calgary, Adams; Gleichen, Cam Brown; Gleichen, Bill Giroux. Second period—Gleichen, Bill Giroux from Charlie Giroux; Gleichen, C. Brown from C. Giroux; Gleichen, C. Giroux; Gleichen, C. Brown from C. Giroux.

Third period—Gleichen, Bill Giroux from Wray. Wray, 1 min.; Smith, 1 min.; Cam Brown, 1 min.; Adams, 1 min.; Cam Brown, 1 min.; Adams, 1 min.

Lineup
Riverside—Sheiks—Shoemaker goal; Dipple and McPhee, defence; Adams, Crum, Flash, Smith, Gerlitz. Gleichen Gunners—James, and Roberts goal; Wray and Taylor defence; C. Brown, B. Giroux, C. Giroux, C. McKay, Haley, forwards. Referee, B. James, Gleichen.

C.G.I.T. ANTI-CANTS AFFILIATE WITH W. M. SOCIETY

The Gleichen C.G.I.T. group the "Anti-Cants" held a most successful meeting in the United Church building. On request from Mrs. M. L. Bowen of Calgary it was decided to affiliate the United Church group with the Women's Missionary Society of the United Church in Alberta. The roll call was answered by each girl in telling the most favorite sandwich and the recipe thereto.

The proposed valentine tea was discussed and in view of the fact that the W. A. of the Anglican Church is having a tea on St. Valentine's Day it was arranged that the C.G.I.T. affair be held on the Saturday following Valentine's Day. Various committees were appointed as follows: Decoration Committee; Muriel Hamar, Audrey Robinson, Maureen Young, and Betty Kelly, Supply Committee; Helen Corcoran, Agnes Thorburn, Lillian Eason and Gladys Wilson.

The Provincial Finance Campaign will be taken up by the group and a regular schedule for a town canvass has been arranged.

A play entitled, "Patty Makes Things Hum" will be given in the near future. The girls are now learning their parts.

The devotional period was taken by Lynette Eason telling the story of the Bible Character, a woman, without telling the name, which was to be guessed by the members present. The story was on the life of Queen Esther. The second lesson in first aid was then given to the group by Miss Olive Milljour who holds a diploma given by the Manitoba Government upon successful passing of examinations. The evening closed with a drill in physical culture under the direction of Mrs. W. Sutermeister.

Scotty Davidson blew into town Saturday. The ladies are all after Scotty—to decorate their homes.

Namaka News

A fast game of hockey was played on Saturday evening at Cluny by the Cluny junior team and the Namaka Black Hawks. Weather and ice conditions were not altogether favorable on account of the thaw, but a large and enthusiastic crowd turned out to witness the game, which ended with the result three-two in favor of Cluny.

Lineup
Cluny—Goal, Telford, defence, King Nowicki, Forwards, Reilly, Birch, and Telford, Subs, Reilly and Birch.

Namaka—Goal, Behan, defence, Watts, Wooster, Forwards, Bremner, Bremner and Wright, Subs, Buker and Watson.

Another game between these teams is to be played in Cluny Saturday, Feb. 15th, which is expected to be more exciting than the one just played. The Namaka Black Hawks wish to thank the Cluny boys for the kindly manner in which they were treated also Mrs. F. Thompson who so kindly entertained them at her home.

Miss Dorothy Colpoys, who is attending school in Namaka, spent the week end at her home in Hammer Hill, Calgary.

Meadowbrook

The card party and dance there was Meadowbrook Hall last Friday evening was very well attended. Between the cards and dance there was a debate by Mrs. Oliver and Mr. Bowen. Mrs. Oliver giving what she thought should be an ideal husband and Mr. Bowen what an ideal wife should be. Everyone enjoyed the debate, both parties taking their respective parts in first class style. The dance following was one of the best that has been enjoyed since New Year's.

The Grant and Allgood orchestra is getting more popular since the drums were added.

The ladies prizes at the card party were won by Miss McVey 1st and Miss E. Bowen the consolation, and the gentlemen's by Mr. Smith and Mr. H. Sammon the consolation, penalty to walk home. It happened to be a nice night so he made it all right.

Councillor David McBean and his good lady gave a nice imitation of a Scotch dance played in fine Scotch style and some of the youngsters are wondering why the Scotch are so quick on their feet, Oh, boy! If it had only been the bagpipes they would have been wondering yet.

Gleichen folks don't miss the next card party and dance as there is always something attracting and you are welcome (even the editor) [Ed. Thanks the walk is hardly long enough for real consolation.

We are all glad to know that Doc Robinson is getting much better he has been missed at the hall lately, but hope he will soon be able to attend.

We were glad to see our Vice-President at the party on Friday. We believe it is the first time since his sickness. Alex. and Jack are bawling it at present so they might get out more often.

We are wondering whether it would be worth while surprising the C.P.R. watermaster. It might wake him up, and we would show him where the hall is.

Now, Mr. Editor, this is to let you know that there is some life around Meadowbrook yet, and we will give you another card party and dance.—have another card party and dance.—[Ed. Send it along by all means—ever welcome.]

W. F. FERGUSON VIEWS ON NEW SCHOOL

Gleichen, Alberta

The Editor,
There seems to be an impression as a result of the recent ratepayers meeting that I opposed to the building of a new school. This is quite wrong; and I wish to place my stand before the ratepayers. I am against rushing into a matter like this which involves spending \$45,000 or more without careful consideration and full information regarding the actual condition of the present school and I think that this is the common sense way of handling the matter. I am therefore, in favor of the action which has been taken of getting reliable and unprejudiced report from a competent engineer on the school. If this report shows that the present school is unsafe or unsuitable for our needs I am prepared to give full support to the building of a new school.

With three children attending school I would be the last person to allow the use of an unsafe building for our children and I would never approve of allowing the question of expense to interfere with the safety or welfare of the children.

I think that this is a sound position and it is on this stand that I am a candidate for the School Board.

Yours truly,
W. F. FERGUSON

PRESENTATION MADE MISS V. RAMBERG

A very interesting party was held at the home of Col and Mrs. A. G. B. Lewis on Friday evening when Miss Vera Ramberg, chief operator at the local office of the A. G. Telephones was the guest of the staff of the telephone office. A turkey dinner was served at 7 o'clock. The table being very prettily decorated with pink carnations and rose buds, after dinner the guests for the party arrived. What was played until 10 o'clock, the ladies prize being won by Miss Fletcher and the consolation by Mrs. L. Sather; the gentleman's prize by Mr. Jack Bromner and the consolation by Mr. Bert James. At the conclusion of the whist Miss Lucille Sevrins presented Miss Ramberg with a "Silent Partner" ring on behalf of the staff and expressed the regrets of the staff at the loss of Vera. Dancing was then indulged in until midnight when a delightful lunch was served. A four-piece orchestra, under the leadership of Mr. J. Eglese, playing for the dance. After supper a program of games and music was indulged in. Mr. and Mrs. Eglese, piano duette, bean guessing competition, sword dance by Mr. R. A. Brown, song, "Anchored" by Col. Lewis, cracker and bag competition, "Song Hits" by Mr. Eglese, the words being sung by the company. Mr. R. A. Brown then presented Miss Ramberg with a blue morrocca pouch bag on behalf of a few friends. The party broke up at two o'clock a.m. with the singing of "Auld Lang Syne."

Wonder how many read all the notices in our Post Office? Good thing "Tommie" is good natured.

SAT FACTORY SERVICE

For more than twenty-three years United Grain Growers has been giving satisfactory service to the thousands of farmers who do business with it.

That is one reason why farmers throughout Western Canada have a high regard for this Company.

Deliver your Grain to
UNITED GRAIN GROWERS
Elevators at: Gleichen, Arrowwood, Cluny,
COAL FLOUR FEED

Compare the average analysis of the 3 best grades of Alberta soft coal with

PETROLEUM COKE

and your sense of good business judgment will compel you to buy nothing but coke.

SOFT COAL		PET. COKE	
Water	9.99%	Water	0.00%
Ashes	6.97%	Ashes	0.22%
Volatile (Smoke, soot)	34.80%	Volatile	4.53%
Carbon (heat)	48.18%	Carbon (heat)	95.25%
	100.00%		100.00%

Everybody knows water and ashes won't burn. Still about 42% of the soft coal is water, ashes, smoke and soot. Again, coke contains 95.5% carbon (heat) against 48% in the soft coal.

Think what this comparison means to you. Just twice the heat from Petroleum Coke, and virtually no ashes, water, smoke, soot or slacking in your bin. Surely there can be no doubt about your next load of fuel. Order your coke from

Immigration and Unemployment

At the present time much is being said and written on the twin subjects of immigration and unemployment. Hardly an issue of a daily paper appears that does not contain some reference to the problems involved, hundreds of letters to editors are penned expressing one view or another, conferences and conventions pass resolutions, and Governments, Federal, Provincial and Municipal are struggling with the difficulties confronting them. There is in all quarters a tendency manifested to shelve the responsibility on to the other fellow, to, in the descriptive language of the day, "pass the buck," and "let George do it."

With recent weeks headlines in the press have informed a reading public that "3,000,000 are unemployed in the United States," that in Germany "2,000,000 are out of work," that the number of unemployed in Great Britain "remains between 1,500,000 and 2,000,000," while, coming nearer home, that "the unemployed situation is acute in all large Canadian centres of population."

What is the cause? What is the solution? The United States has been experiencing a period of unexampled industrial growth and activity. In 1929 Canada enjoyed the most prosperous year in its history, with all records for manufacturing, building construction, and development of natural resources reaching new high marks. Despite depression in certain basic industries, Great Britain reports more people at work than before the war, while Germany, we are told, is "coming back," and regaining much of her former strength in the export markets of the world.

In Canada the opinion prevails in many quarters that our unemployment problem is largely due to an influx of immigrants, but such a cause cannot be advanced in the case of Great Britain, Germany, or even in the United States, with its rigidly restricted immigration quotas. Yet unemployment seems to be almost universal; in fact there is less in proportion to population in Canada than in other countries. So, the cause lies deeper than in immigration, although, of course, it undoubtedly has some effect.

In the United States it is not partly accounted for by the fact that for some years past mass production has been maintained on a scale hitherto unknown, and the marketing of this enormous production has only been possible through the sale of every conceivable kind of article on the installment plan, until the average income of the buying public was tied up in advance for long periods. Possibly the saturation point has been reached, and people being unable to buy more, even on a credit basis, production had to slow up.

It is not also true that the enormous sums now invested in automobiles, radios, and other expensive but, in the case of the average citizen, unproductive devices, being thus withdrawn from productive enterprises is having its effect on other industries?

Again, through the inventive genius of the age, labor-saving machinery and appliances of all kinds have had the result of enabling one man or woman to do the work of two, three or more, with a consequent lessening of the ratio of employment to volume of output. Wages to those employed are higher, but the number of workers actually required in many industries is less, although their output is greater. Here in Western Canada we have an example of this in the big drop in the number of farm helpers required through the introduction of the combined harvester-thresher and the increasing use of motor trucks over horse drawn vehicles. As one result, too, the tendency is again in the direction of larger farms, whereas not many years ago the belief was fairly general that the day of smaller farm holdings providing for more families on the land was approaching.

What governments, economists, manufacturers, labor unions, and our whole citizenship must realize is that a present paradox of unemployment in an era of general expansion and growth is the result of changing world conditions. All countries are affected. Everything is in a state of flux. And because all countries are affected, and also because far away fields always look green, people everywhere are looking elsewhere to better their condition. The inevitable result is that all countries will more and more restrict immigration as a measure of their own national salvation.

What will happen then? There is only one answer: People will have to adjust themselves to changed, and still rapidly changing conditions. They will have to work out their salvation at home. The problem is a huge and difficult one. Nobody yet has the solution. All must think and study, and that is the sole reason for this article—to encourage real study of the problem, instead of the present prevailing tendency to lay the blame on somebody else.

Unemployment Relief

Regina City Council Projecting Civic Works During Winter Season

At an actual cost of \$20,000, another sewer programme is now being considered by Regina City officials as an unemployment relief measure, and will supplant the programme already undertaken and nearly completed.

To date this winter, eight and a half blocks of sewers have been dug by day labor in various sections of the city as unemployed relief. As well, a plank walk programme of 18 blocks has recently been started for unemployment relief at a cost of \$5,000.

There are 21 million telephones in the United States which can be connected to seven million in Europe for conversation, using radio telephony across Atlantic.

DO YOU SUFFER WITH HEADACHE?

So easy to get quick relief and prevent an attack in the future. Avoid bromides and dope. They relieve quickly but affect the heart and are very dangerous. They are depressing and only give temporary relief, the cause of the headache still remains within. The sane and harmless way. First correct the cause, soothe the sour and acid stomach, relieve the intestines of the decayed and poisonous food matter, gently stimulate the liver, start the bile flowing and the bowels pass off the waste matter which causes your headache. Try Carter's Little Liver Pills. Druggists 25c red pkgs.

Good Word For Women Drivers

New York Commissioner Says More Men Break Traffic Laws

Commissioner of Motor Vehicles, Charles A. Hartnett, states that women drivers in New York State represent 16 per cent. of the total number. In the last four months 27,130 men violated traffic laws—as against 653 women.

On an average day 250 men are arraigned and only four women. Over this four-month period 3,918 men were up for speeding, as opposed to sixty-six women.

Difficulties over car lights have brought 4,635 men to court, while only sixty-nine women were charged with similar offenses.

Smoking motors were charged against seventeen men, but against not one woman.

One woman was very legibly booked for intoxication. To offset that showing there were 132 men accused of driving while drunk.

Thirty women failed to keep to the right, 4,075 men did likewise.

Seven women mistook a one-way street. There were 481 men who made the same error.

Thirty-two women did not have their licenses at a crucial moment. Similar lapses of memory affected 1,228 males.

INFLUENZA'S VICTIMS

Left Weak, Miserable and a Prey To Disease In Many Forms

One of the most treacherous diseases afflicting the people of Canada during the winter months is influenza. It almost invariably ends with a complication of troubles. Its victims suffer with alternate fevers and chills, headaches and backaches. It leaves them an easy prey to bronchitis and pneumonia. Indeed, the deadly after-effects of influenza may leave the victim a chronic invalid. You can avoid influenza entirely by keeping the blood rich and red by the use of Dr. Williams' Pink Pills. If you have not done this and the disease attacks you, you can banish its deadly after-effects through the use of this great blood-building nerve-restoring tonic.

Here is proof of the power of Dr. Williams' Pink Pills over this trouble. Mr. F. H. McMullen, Belleville, Ont., says:—"Some years ago, following a severe attack of influenza, I was left in such a weak condition that my friends thought I would not get better. I developed nervous indigestion, and my blood got thin and watery. In this weakened condition I began the use of Dr. Williams' Pink Pills, and these did what other medicine had failed to do—brought me back to health and strength. I can honestly say I think them the best blood builder and nerve tonic known, and I shall always praise them."

You can get the pills from your druggist, or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Agricultural Conference

Two Important Conferences To Be Held In Winnipeg Shortly

Two conferences of importance to the agricultural industry will take place in Winnipeg in the next two months, it was announced by Dr. J. H. Grisdale, deputy minister of agriculture.

A conference of all government departments and agencies carrying on research work will be held in Winnipeg in March. Dr. Grisdale will attend as well as Dr. H. M. Tory, head of the national research council.

A second conference in regard to barley production also will be held. Dr. Grisdale will issue a statement in connection with the barley conference in a few days.

Miller's Worm Powders not only exterminate intestinal and other worms, but they are a remedy for many other ailments of children. They strengthen the young stomach against biliousness and are tonic in their effects where the child suffers from loss of appetite. In feverish conditions they will be found useful and they will serve to allay pain and griping in the stomach, from which children so often suffer.

Tribute To Canadian Industry

Canada Has "Cleanest" Tea Warehouse In The World

On a tour of the Dominion, under the auspices of the British Institute of Certified Grocers, six post graduates visited the Montreal plant of the Salada Tea Company, of Canada, Limited. The following report made by the secretary, Mr. C. L. T. Beeching, appeared in the Tea & Coffee Trade Journal, of New York.

"During the tour they (the graduates), inspected some of the wholesale and retail tea concerns in the Dominion, and they considered that the Montreal plant of the Salada Tea Company was the neatest and cleanest tea blending warehouse and packing centre in the world."

Canada has reason to be proud of industries that can make such an impression on visitors of this calibre.

When it comes to wheat, says the Toronto Globe, Canada is sure of her ground.

Falling Hair—Just try Minard's.

Will Use Tyndall Stone

Alberta Government To Use Manitoba Product In Construction Of New Administration Building

The Alberta Government has decided to use Manitoba stone in the construction of its new \$700,000 administration building at Edmonton. A decision as between stone from the Tyndall quarries and from Indiana has been made in favor of the former, and Premier Brownlee telegraphed Mr. Bracken to that effect. The bill for stone alone will run into a quarter of a million dollars.

In his wire to the Manitoba premier, Mr. Brownlee said: "May I also express the hope that your government will continue to assist us in our efforts to extend our coal market in your province. We would appreciate further investigation into the possibilities of using larger percentage of our coal in government institutions."

The decision of the Alberta Government to use Tyndall stone in preference to imported stone for the new executive building at Edmonton was received with much satisfaction in Manitoba Government and business circles.

Protests against a sister province letting a contract for the stone to a firm in the United States had been general. Premier John Bracken, in seeking the contract for Manitoba, had the support of the Winnipeg Board of Trade and other organizations.

To Extend News Service

Movement To Enlarge Newspaper Service In Western Canada

Newspaper publishers and editors of western Canada, members of the Canadian Press, met at Vancouver recently, in preparation for the great extension of the news service in western Canada following the printerization of the leased wire telegraph circuits now in progress from Winnipeg to Victoria, which will about double the wordage laid down in the individual newspaper offices and will permit scope for much freer interchange of news as between the four western provinces, as well as the publication of more eastern Canadian news in the west and more western Canadian news in the east.

Proposals of the management for the betterment of the news service, both foreign and domestic, were endorsed and in particular the meeting went on record as recommending to the board of directors of the Canadian Press the early establishment at Tokyo of a Canadian Press staff representative, now that a Canadian ministry has been established in Japan.

A pleasant medicine for children is Mother Graves' Worm Exterminator, and it is excellent for driving worms from the system.

To Pay \$20,000,000 In Cash

The growing prosperity of Canada is indicated in the official announcement that the Canadian Government will redeem in cash a loan of \$20,000,000 payable on February 1, 1930. The revenue of Canada was greater in the first ten days of the current fiscal year than the total for the whole of the year 1928, the first year of Confederation. The surplus of revenues over expenditures last year would have more than paid off the national debt of Canada as it stood in the early seventies of the last century.

Heart and Nerves Caused Her To Have Cold Hands and Feet

Mrs. Joseph Price, Red Pine, N.B., writes:—"Several years ago I was troubled with my heart and nerves and was so bad, at times, my hands and feet would become numb and cold. I happened to see

advertised and started taking them at once. I continued for some little time, and since then I have had no return of my trouble."

Price, 50c. a box at all druggists and dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

ROBERT L. BURNAP

Announcement has been made at Canadian National headquarters of the appointment of Robert L. Burnap, as Vice-President in Charge of Traffic, with headquarters at Montreal, vice A. T. Weldon, the appointment being effective at once.

R. L. Burnap has been associated with the various lines which now comprise the Canadian National Railway System during the whole of his railroad career of 36 years.

To Discuss Educational Matters

Premier Anderson, Of Saskatchewan, Will Hold Informal Conference

Representatives of various organizations throughout Saskatchewan will be invited to come to Regina and in an informal conference discuss with Premier J. T. Anderson, educational problems.

In making the announcement that such a conference would be held at a date to be fixed later, Premier Anderson said he hoped to be able to focus the thought of the people of Saskatchewan on the subject of educational development and to enable his government to find out at first hand the nature of the problems that are most pressing.

Touching on the new courses of study being prepared for public and high schools, the premier, who is also minister of education, expressed the hope that wherever citizens are organized for civic or social welfare consideration should be given to the contemplated changes in curricula.

"It would be useless," he said, "for us to prescribe courses of study which are not understood and appreciated, or which have not the solid support of a large majority of the people who pay the taxes and whose children attend the schools."

Stating that a mass of criticism had been directed against rural education in Saskatchewan, the premier said those schools needed to be vitalized and brought into harmony with the actual requirements of rural life in Saskatchewan.

"I am particularly anxious," he said, "that home makers' clubs, local lodges of both sections of the United Farmers of Canada, various social study clubs, service clubs, church societies, trades and labor councils, boards of trade, civic and social organizations of all kinds, shall join with us in the study of educational problems and offer suggestions for improving our system of education."

Riel Veteran Dead

Old-Timer In the West Lived To See Many Changes

Murdock McLeod, 85, Edmonton's oldest old-timer, died in that city recently, following a brief illness. As an apprentice boy of 15, he left the Hebrides to take service in the ranks of the Hudson Bay Company. He was a prisoner during the Riel Rebellion and later, with a party of 55 men, 22 women and two children, 15 half-breeds and 50 cars and wagons, trekked over the prairies from Winnipeg to Edmonton, the trip taking from September 1, 1875, to November 18.

Real Service

If a shower comes up in the city of Berlin, the pedestrians will find on the next corner an automatic machine for the vending of umbrellas. Drop 15 cents in the slot and walk off with a brand-new storm shelter. The umbrellas are made of oiled paper and may not last a lifetime, but they are good for a dozen or more storms, and are right handy when the drops are dropping.

Western Canada Livestock Union The city of Regina, the Regina Board of Trade, the Provincial Government of Saskatchewan, and the exhibition board, are co-operating to make the seventeenth annual convention of the Western Canada Livestock Union, February 19 to 21, a big success. Arrangements are in good hands.

If hard luck drives a man to drink, prosperity would have ruined him.

That Sore Throat Needs Minard's.

Indigestion

What most people call indigestion is usually excess acid in the stomach. The food has soured. The instant remedy is an alkali which neutralizes acids. But don't use crude helps. Use what your doctor would advise.

The best help is Phillips' Milk of Magnesia. For the 50 years since its invention it has remained standard with physicians. You will find nothing else so quick in its effect, so harmless, so efficient.

One tasteless spoonful in water neutralizes many times its volume in acid. The results are immediate, with no bad after-effects. Once you learn this fact, you will never deal with excess acid in the crude ways. Go learn—now—why this method is supreme.

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. Each bottle contains full directions—any druggist.

Beacon For Aviators

Hudson's Bay Company To Erect Huge Light On Roof Of Winnipeg Store

The Hudson's Bay Company has decided to erect a great beacon light of unprecedented power on the roof of its Winnipeg store as a guide to aerial navigators. Announcement to this effect was made by P. J. Parker, general manager of the company.

This great master light will serve to guide pilots home to the metropolis from the large cities of the south, and also from the great northern country, from east and west, where the many posts, depots and stores of the company are located.

The company is proceeding on the assumption that enormous developments are to occur in aerial transportation in Western Canada in the future, corresponding to those which have already taken place in Europe. Scores of such ships, carrying both passengers and valuable consignments of goods, will, it is anticipated, eventually arrive and depart from this city every day, and too much care cannot be taken at the present time in preparing for the changes which are soon to come.

The beacon will burn from official sun-down to official sun-up. Rising to a height of nearly 200 feet, this great light will be visible for more than 100 miles on clear nights.

Awful Asthma Attacks. Is there a member of your family who is in the power of this distressing trouble? No service you can render him will equal the bringing to his attention of Dr. J. D. Kellogg's Asthma Remedy. This remarkable remedy rests its reputation upon what it has done for others. It has a truly wonderful record, covering years and years of success in almost every part of this continent, and even beyond the seas.

The strong no less than the weak must bear the penalty of their own natures. The man or woman who has learned to stand alone must not complain if left to stand alone much of the time.

At one entertainment given by George Washington, the candles to light the banquet hall cost ten dollars an hour.

Says Insanity Increasing

Eminent Psychologist Makes Somewhat Startling Assertion

After copious consideration and profound contemplation an eminent psychologist asserts that it is only a matter of time when we will all be in the asylum. He finds that insanity is increasing rapidly, that a few centuries hence practically the whole world will be daffy in the bean. In a universe of nuts a squirrel may be king.

The fact that the world is going crazy is no surprise to some folks. They think that it is that way already. But on the other hand there are some of good repute who are still able to figure out that this is not such a rotten world after all, and that there is enough skill and intelligence available to keep the machinery running for an indefinite period.—Los Angeles Times.

Leads In Construction

Saskatchewan Leads Whole Of Western Canada In Number Of Contracts Awarded

Saskatchewan led the whole of western Canada in the number of contracts awarded for construction work during the past year, according to figures issued by the provincial department of railways, labor and industries.

Including engineering projects, contracts awarded in Saskatchewan totalled 2,327 as compared with 2,275 in British Columbia, 2,055 in Alberta, and 1,758 in Manitoba. Saskatchewan's aggregate of more than \$34,000,000 in construction constitutes a record for the central prairie province, exceeding the total of the preceding year by \$14,000,000.

The smelling organs of some insects are minute pits on the antennae. On a single antenna of an ordinary June beetle there are as many as 40,000.

Use This

remedy, "Mrs. Sybilla Spahr's Tonsillitis" for sore throats, cough, catarrh, head colds, croup, bronchitis, and tonsil ailments. Good results or money back, try it. You can't lose. \$1.50 post paid. Agencies wanted.

KITCHENER TONSILLITIS CO., Kitchener, Ont.

Don't Let Foods Stale

Foods that ordinarily stale quickly will stay fresh and tempting a surprisingly long time if you cover them with Para-Sani Heavy Waxed Paper.

Your grocer, druggist or stationer has Para-Sani in the handy, sanitary knife-edged carton. For those who prefer a lighter paper put up in sheet form ask for Appleford's "Centre Pull" Packs.

COMING EVENTS

Feb. 6—U. P. A. Meeting in Meadowbrook Hall.
Feb. 7—Dance in Meadowbrook Community Hall.
Feb. 7—Peel, Perth and Victoria Society meeting at Mrs. Pinders'.
Feb. 12—Prof. Phelps Canadian Club Lecture.
Feb. 15—Blackfoot M. D. Anna Meeting in Gleichen Community Hall.
Feb. 19—Eastern Star White Drive in Gleichen Masonic Hall.
Feb. 20—U.P.A. Meeting in Meadowbrook Hall.
Feb. 20-21—Mid-Winter Carnival in Gleichen Community Hall.

The Gleichen curlers 8th Annual Bonspiel got away to a good start Monday with 18 rink entered. Four rinks from Arrowwood, two from Cluny and the balance from Gleichen. After two days of playing the soft weather play well of leave with the ice and the rest of thespiel has been postponed till the ice tightens up. It will take at least two more days playing to finish thespiel. We hope to give a full report of thespiel next week.

Another dance will be given in the Meadowbrook Community Hall next Friday evening, Feb. 7th. Sharp's Merry-makers orchestra will furnish the music and all are invited.
Tiger Lynn spent the week end in Gleichen visiting friends.

Tomorrow night, Feb. 6th, the regular meeting of the Gleichen U.P.A. will be held in the Meadowbrook Hall when the delegates to the annual convention will make their report and Mr. Geo. Bell will deliver a lecture on "General Farm Management and Book keeping on the Farm."

The Catholic Women's League wish to express their most sincere thanks to every one who helped to make their whist drive a success.

O. Desjardine shipped a carload of hogs to Calgary Monday.

INNER WORK OF NEWSPAPER OFFICE

Charming Pathe Star Has Great Role in Dramatic Film "The Office Scandal"

Ziegfeld has glorified the Broadway show girl. Mack Sennett (the Bathing Beauty and Elmer Glynne the girl, but it was left for Pathe to glorify the well-known newspaper "sub-editor," in "The Office Scandal." Phyllis Haver's latest star vehicle will be at the Gleichen Community Hall next Saturday, Feb. 6th.

Miss Haver as a human "ten mile egg" with a soft heart veiled by sophisticated manner, portrays "sub-editor" who would slow up the editorial work in any newspaper of the in the land and to say that she glorified that particular job in the wheel of a metropolitan daily is putting it mildly.

Few newspaper stories have been produced on the stage or screen that have not been roundly criticized by newspaper critics because of their lack of knowledge of the inner workings of a newspaper office, but from all advance reports this will not be the case with "The Office Scandal" which, it is claimed, upholds all the traditions and precedents of the Fourth Estate.

There are valid reasons for this. First, it was written by two well known newspaper men, Paul Gangelin and Jack Jangmeyer, both of whom have served as reporters and city editors of various newspapers.

Ralph Block, the producer, was a reporter on the Kansas City Star and later became dramatic editor. He served in the same capacity for the New York Tribune. Paul Stein, the screen, worked on a newspaper in Berlin before adopting the stage and career, his life's vocation, and Leslie Fenton, who plays opposite Miss Haver, who plays opposite Miss Haver once covered one of the night court for a New York newspaper.

In addition to Miss Haver and Fenton the cast includes Raymond Hatton, Margaret Livingston, Dan Walden, Junior Aldine and other noted screen artists.

Cattle and Hogs Shipped Weekly

I ship hogs to sell. Any person wanting to sell hogs should call on me two or three days in advance. Will also look over any cattle offered for sale.

Next big event is the Mid-Winter Carnival Feb. 20-21.

Mrs. Bad Dried Meat of the Blackfoot Reserve passed away Saturday morning.
Mr. W. Schmidt left Monday for Lethbridge to attend the funeral of his father.

Miss Muriel Chalmers of Grand Prairie is visiting at the home of Miss Selma Sammons.

Monday afternoon a train load of dirt-Park tractors passed through Gleichen headed for Calgary.

Friday night it appeared there were only two Gleichen ladies who take a real interest in town and school affairs.

A Valentine Tea is to be held at the Rectory, on Friday, February 14th from 3 to 6 p.m. Everybody welcome.

Fred Jones arrived from Wayne last week and spent a couple of days visiting his parents, Mr. and Mrs. A. J. Jones.

Some of the older boys and girls showed poor sportsmanship Saturday night by not taking tickets to sell after enjoying the sport as "kiddies."

The ladies of the Eastern Star will give a whist drive in the Masonic Hall at 8 o'clock Wednesday evening, Feb. 6th, to which all are cordially invited. Admission 50c.

With the likelihood of a vote being taken to build a new school and have town irrigation there will be little need of a question to talk about for sometimes to come.

The next of the Peel, Perth and Victoria Society will be held at the home of Mrs. Pinder at 2 o'clock next Friday afternoon. Members are requested to be on time as there is much business of importance to transact. Hereafter the meetings will be held every Friday afternoon.

Last Saturday night the Community Hall was filled to the capacity. Menager Beach having declared a free show for all the kiddies they will tell us it was a fine show and they now think a lot of Mr. Beach and are bounding everyone to buy tickets for the Mid-Winter Carnival on Feb. 20-21.

The annual tennis meeting and social will be held on Friday, February 7 at 8 o'clock in the dining room of the Community Hall. Anybody interested in Tennis is cordially invited. There is a full schedule of activities planned for 1930. Many have signified their intention of playing during the coming season. Kindly keep this date open. Lunch will be served and a good time is assured.

Miss Emma Jones of Edmonton arrived Saturday and spent until Monday with her parents, Mr. and Mrs. A. J. Jones. For several years she has had a private stenographer's office in Edmonton and being an expert in demand far and near. Last week she attended the U.P.A. convention at the Community Hall. Anybody interested in the U.P.A. convention and next week some other engagement at Regina bank.

A most enjoyable party was held at the home of Mr. and Mrs. R. A. Brown in honor of their son Malcolm Brown. The first part of the evening was spent in card playing of the various kinds. As soon as the orchestra was ready dancing was very much enjoyed. Mr. Geline supplied the music. Mr. and Mrs. M. D. Dufco helped on the drums and Elmer Holinger playing the violin. The following guests were present: Mr. and Mrs. H. A. Brown as host and hostess, the Misses L. Severn, Forester, Holland, Betty Crawford, Blanche Brown, Margaret Desjardine, Agnes Milroy, Olive Milroy, Alberta Perkins, Irene Phillips, Messrs. Malcolm Brown, Elmer Bolinger, Ian Maclean, John Plante, Doug Mattson, Gerald Yates, Joe Wright, Jack Edgemo, S. E. Dufco, Frank Pohl, Clifford Thompson, Teddy Garmann.

A delightful lunch served at 1 o'clock. Some of the time was spent in card playing. It was in the early part of the morning when the host and hostess were acclaimed as jolly good fellows and the party finally broke up.

FOR SALE—Two 168 inchtoners for \$25.00. Guaranteed. Good as new. Phone 26, Gleichen. (Appl.)
